Broken Past Bio

Broken Past is a New Jersey based heavy metal band formed in 2015 that delivers their brand of hard-hitting heavy metal.

Broken Past was formed by Tony Rodriguez (bass) and includes members Frank Acee (lead vocals), Wayne White (guitars), and Bryan Stager (drums). Equally inspired by bands like Accept, Quiet Riot, Black Sabbath, AC/DC, Overkill, Metallica and Bret Michaels, the band is quickly becoming a fixture in the New Jersey scene. Their debut EP "**Time for Change**" is set for release on February 9, 2019.

Recorded and produced by Tony Rodriguez at W.C. Studios in Atlantic Highlands, NJ and mixed by John JD Deservio of Black Label Society and Steve Brown of Trixter, the band comes at you with an in your face attitude, energy and raw talent.

Broken Past gets back to the basics of having a good time with their music with a refreshing approach to their brand of music. What separates Broken Past from the pool of current trends is their music first and foremost, but also their ability to stay true to their craft, to themselves and to their roots in music.
